HUSBAND IS ACCUSED AS ACCESSORY

Taken Into Custody and
Charged With Complicity
in Wife's Murder

FUNERAL ARRANGEMENTS

For Victim Made by Him
From Prison Cell—Several
People Being Held as
Witnesses in the Shooting
Tragedy.

NEWARK, N. J., Feb. 9.—Accused as an accessory to Miss Hazel Herdman, the mother of his 18-month-old boy, who on Friday shot and instantly killed his wife and then ended her own life the following day after confessing her crime, Charles I. Manning today was held in custody while funeral services were held over the bodies of the two victims of the love drama of the actors of which he alone remains.

From his cell Manning made the arrangements for the funeral of his wife, while Arthur J. Herdman, the Pompton turnpike inn keeper, claimed the body of his daughter and arranged for its burial.

Early today the police detained Mrs. Sadie E. Garraabrants, sister of Manning, with whom he has lived since the separation from his wife, and she is being held as a material witness in the case.

The charge of murder against Manning, the police gave out in a statement, was decided upon early today, after the accused man had been questioned off and on since late Saturday, and all of yesterday. Statements made by two women and a young man who were also brought to police headquarters, influenced the police to make the charge of murder against Manning. One of these witnesses was Mrs. Garraabrants. The identity of the other two witnesses was kept a secret by the police.

Miss Herdman in her dying statement attempted to exonerate Manning, but Chief Long says the evidence had been obtained tending to show that he was an accessory and that he took Miss Herdman in his automobile to Newark before the murder was committed.

Manning made no effort to escape. On Saturday morning he drove with Miss Herdman to Newark and viewed the body of his wife in a morgue. After Miss Herdman had taken poison he carried her in his machine from Bloomfield to the hospital in Montclair, and later drove the girl's mother to the hospital where he was taken into custody by Chief Long.

UNEMPLOYED CHICAGOANS GIVEN WORK

CHICAGO, Feb. 9.—Hundreds of Chicago's unemployed were given temporary work today in the ice fields of Wisconsin and Michigan. The zero weather of the last thirty-six hours has produced a big ice crop and harvesting was begun in earnest.

Many of the workers were engaged at the municipal lodging houses and cheap hotels, where they had been driven by the first severe cold of the winter. Hundreds were turned away from the lodging houses last night and were given improvised quarters in police stations. More than 1,000 men were in a bread line maintained by private charity last night.

After a day of below zero temperatures, the thermometer began to climb slowly early today. Yesterday's minimum temperature was 67 degrees below zero at 8:30 o'clock in the morning, and today's minimum was 62 degrees below zero at 8:30 o'clock in the morning.

107TH BIRTHDAY.

South Bethlehem, Pa., Feb. 9.—Mrs. Bridget Dougherty Curran celebrated her 107th birthday here yesterday at the home of her daughter. She enjoys good health and is in the possession of all her faculties.

Leading Bank of Memphis Ordered Closed; President Misapplied Over \$750,000

MEMPHIS, Tenn., Feb. 9.—C. H. Raine, president of the Mercantile, one of the leading financial institutions of the city was charged with embezzlement in a warrant sworn out today by Z. N. Estes, county attorney general.

The accounts of the bank, which is a state institution are alleged to be short between \$700,000 and \$1,000,000. State banking officials ordered the institution closed after the reported shortage became known yesterday.

MEMPHIS, Tenn., Feb. 9.—Ten directors of the Mercantile Bank, one of the most important financial institutions in the city today filed a petition in chancery court charging that the bank was insolvent as the result of the alleged misapplication of more than \$750,000 by C. Hunter Raine, president of the institution.

In the petition Raine was held solely responsible for the apparent shortage, approximately \$750,000, which it is charged, he obtained "by a system of handling its drafts, property and exchange in such a way as to deceive the directors and

to conceal his manipulations," the total amount of which, it was alleged, he lost in speculation.

The petition places the liabilities of the bank at \$2,196,964 with assets of \$1,408,089.

The alleged discrepancy was discovered by a representative of a New York correspondent of the bank who was sent to Memphis last month to audit the books of the Mercantile Bank when loans requested were found to be out of proportion to the amounts asked for at this season of the year. His report to the directors yesterday which brought the situation to a climax was the first intimation that the bank was not in a prosperous condition, according to the directors.

It was stated that President Raine who attended yesterday's meeting, absolved all of the officers and directors of the bank of implication in the alleged shortage and tendered his personal estate which he valued at \$350,000 to the bank. So far he has made no formal statement.

The bank was ordered to remain closed today by state banking officials who are making an investigation of the bank's affairs.

FIRST CONTEST PICTURE WILL APPEAR TUESDAY IN NEWARK ADVOCATE

Begin With Picture No. 1 and Devote a Little Time to
Solution Every Day—Over \$3,000 in Prizes Will Be
Awarded—Write or Phone for Details Right Now—
Costs Nothing to Enter.

Tuesday, February 10th is the day! That first picture in the Booklovers' Prize Contest, for which Advocate readers in their thousands have been eagerly waiting, will appear in these columns, Tuesday, February 10.

Anybody can fit the right title to it. The youngest of our friends will stand the same chance winning a big prize as does the best-educated, most widely-read man or woman.

For as you have been told repeatedly, common sense and keen wits are sure to determine the successful ones in this great competition. To show how readily the solution of each of the seventy pictures is likely to be, see how easy it is to study out the title of the picture which opens the contest.

The Book Meant By This Picture is "Pickwick Papers."

By Chas. Dickens.

Contestants will not find all the pictures as easy as this but they will find the "answers" right in the pictures.

Of course you intend to make a try for one of the big prizes—preferably the biggest one of all, which is Five Hundred Dollars in Gold Coin, offered by this newspaper to the contestant who gets the nearest to seventy book titles correct, together with the name of the author of each book—AND USES FEWEST COUPONS (allowing one of each book).

Five hundred dollars in gold! And that is but one of the long list of 100 or more prizes. At least over \$7,000 worth of awards, will be distributed to 100 or more successful competitors. Yet nobody has to pay a penny to enter; there are no irksome conditions to be observed, and young, old, rich, poor, man, woman or child all alike will have absolutely equal chances and impartial treatment.

Read all about the contest in today's paper. If there is any detail not perfectly clear to any one, the Contest Editor will gladly supply any additional information wanted. Telephone The Advocate on either phone or write or call at the office and ask any questions you can fairly ask. Naturally the Advocate cannot give advice about the meaning of any title, nor otherwise aid any contestant to any advantage over another. But the Advocate will cheerfully explain any point connected with the Contest.

Catalogues will be ready tomorrow. Orders for them are pouring in. This finding list is a guide to book knowledge. Keep your mind's eye on that \$7,000 in gold, and on the other hand, you can surely win one of them! Start Tuesday. Here's luck to all of you.

BROTHERS ENGAGE IN QUARREL

Which Results in a Triple
Shooting Today at
Columbus

ONE REPORTED DYING

Another Brother Has Slight
Wound While Woman in
The Case Was Also Shot
By Bullet From Admirer's Revolver.

COLUMBUS, Feb. 9.—Brooding over the fact that his brother had warned Miss Georgia Davis, aged 35, a telephone operator, not to marry him, Harry Magarian, aged 24, employed as clerk at the Southern Hotel, today shot his brother, John Magarian, aged 21, a State University student, shot Miss Davis, fired three bullets into his own head and was finally dropped by the third bullet fired at him by Motor Officer Robert Hammel, after Hammel broke down the door to Magarian's room in the house of Mrs. L. E. Clark, in Dennison avenue.

Magarian is dying at the Protestant hospital. Miss Davis' wound is not serious and John Magarian's hurt is a bruise on his right breast.

John Magarian told Chief Carter half an hour after the shooting that he had warned Miss Davis that his brother, who was engaged to her, was not physically fit. Miss Davis, young Magarian told the chief, agreed with him that she should not marry Harry, and she so told him.

Neighbors say that both brothers had been paying attentions to Miss Davis, and that the fact that his brother seemed in a fair way to win the woman and that she had refused him, made Harry Magarian feel bitter toward both.

Today John Magarian went to the room of Miss Davis and soon after his brother Harry appeared. While the three were together, according to the statement made to the police by John, Harry Magarian demanded that he repeat in his presence what he had said to the woman. The brother refused and Magarian stormed from the room, uttering threats.

He soon returned and renewed the altercation which ended in the triple shooting.

HOPE OF SAVING COSTLY YACHT IS ABANDONED

NEW YORK, Feb. 9.—Hope of saving Frederick W. Vanderbilt's yacht "Warrior," stranded on a reef on the Colombian coast has been abandoned.

The local officers of the wrecking company which have been trying to float the "Warrior" received word that the company tug "Relief" had given up the task after two weeks work. It is believed that the "Warrior," which cost about a million dollars, will soon go to pieces.

\$20,000 FIRE DAMAGE DONE TO STEAMSHIP

HAVRE, France, Feb. 9.—Fire on board the steamship Bordeaux of the French line did damage to the hull of about \$20,000 today. The vessel was lying in harbor and all her cargo had been discharged. She arrived here on January 31 from New York.

FIND DEAD IN OFFICE.

LOCAN, O., Feb. 9.—A young man, whose name is not known, was found dead today in his office.

HORSE STEALING IS THE CHARGE AGAINST 2 MEN

AKRON, O., Feb. 9.—George Gray and John Desmond, Parkersburg, W. Va., were held to the grand jury this morning under bond of \$2,000 each on charges of horse stealing. The men were arrested in Cleveland Sunday while trying to dispose of a horse belonging to Louis Chatlain, South Akron liveryman. The men hired the horse Saturday morning to drive to Kenmore.

BERGLUM, NOTED SCULPTOR, MAKES DENUNCIATION

NEW YORK, Feb. 9.—Art circles were interested today in statements by Gutzen Berglum, sculptor, that "nearly 60 per cent. of all the monuments and statues in the United States including those in statutory hall, Washington, were not made by those whose names they bear."

The sculptor was addressing the woman's political union. "Right here in our city," he continued, "I have known two or three sculptors who committed suicide. They had been doing other men's work, and other men getting the credit, and they getting barely enough money to exist. I know that most of the work of statuary in this country has not been done by the men whose names are on them."

"That is how America gets her art. Contracting firms get the contract and honor. Starving artists do the work. The government pays for sculpturing thousands of dollars, of which the sculptor gets a hundred or so."

MOTHER AND SON BURNED WITH HOME

URICHSVILLE, O., Feb. 9.—In a fire early this morning which destroyed their residence, Mrs. Rachael Blue, 70, and her son John Blue, 50, were burned to death. Blue, who had been an invalid since birth, was found in bed, from which he had been unable to move. Mrs. Blue's charred body was discovered sitting upright in her big armchair. The fire was not discovered until it had gained such headway that the department was unable to do anything with it. The loss is \$7,000.

PRISONER DIES FROM BURNS AT COUNTY JAIL

AKRON, O., Feb. 9.—Charles Terrell, 38, Pittsburgh, Pa., serving thirty days in the county jail for contributing to the delinquency of a 13 year old girl, died in the city hospital this morning of burns accidentally received Sunday. Terrell's clothes ignited from a match when he lighted a cigarette. He ran screaming through the jail corridor and was fatally burned before other prisoners and deputies could smother the flames. Terrell's wife is dead. He has two children in Pittsburgh.

500 STRIKERS BACK AT WORK AT POPE PLANT

STEUBENVILLE, O., Feb. 9.—Five hundred of the 1,500 employees of the Pope plant of the Phillips Sheet & Tinplate Company returned to work here today after a strike lasting since July. Five hundred more will begin work March 1. No question of wages was involved, the men striking for recognition of the Amalgamated Association of Iron, Steel & Tin Workers. The company agreed to recognize a local committee, but not the union.

COMMITTEE TO INVESTIGATE 2 RESERVOIRS

LIMA, O., Feb. 9.—Headed by Chairman Feilinger eleven members of the state finance legislative committee gathered here today prior to a two day investigation of the Grand and Lexington reservoirs. The report of the committee will be made to the legislature when it convenes next Monday.

RATE FIGHT CAUSE OF CITY NOT RECEIVING GOOD GAS SERVICE

Manager Carl of Newark Natural Gas & Fuel Company Says New Feed Line Costing Approximately \$200,000 is Needed

NECESSARY TO PIPE GAS FROM DISTANT FIELDS

Present Feed Line Adequate When Fuel Was Secured In Immediate Vicinity—Company Does Not Feel Justified in Making Expenditure While Rate Question is Unsettled—Pressure in City Improving With Rise in the Temperature.

Local Temperatures—7 a. m. Monday Tenth and Granville streets, 4 degrees above. Central Fire Station, 5 degrees above. West Main and Pine streets, 2 degrees below. East Main (Brown's grocery), 5 degrees above. Franklin's addition, 1 degree above.

Newark people will continue to be annoyed by failure of the gas supply during cold snaps as long as the litigation over the rate charged continues in the courts. Such is the substance of a statement given by Manager L. F. Carl, of the Newark Natural Gas Company, Monday morning. "Newark people might as well wake up," said Mr. Carl, "and realize the fact that as long as the rate fight continues the company furnishing the city with gas will not make the improvements necessary to insure an even and sufficient pressure of gas. At a rough estimate it would cost \$150,000 to \$200,000 to construct a feed line large enough to give such a pressure."

"This expenditure would be necessary to construct a ten-inch line from Newark to Central City where it would connect with the big sixteen-inch main which comes direct from the West Virginia field. This would give Newark a heavy pressure through the ten-inch main and would be ample for even extraordinary demands."

"The lines coming into the city were large enough when the supply was secured from fields close by. Now that it is necessary to pipe the gas from distant fields, an independent line is all that will maintain the pressure during a period of cold weather when there is a heavy drain on the mains."

"The company probably doesn't feel justified in making such an expenditure in view of the unsettled rate question. Other cities are paying 25 to 35 cents for gas and have plenty of it. Newark can be in the same position if the rate question is settled."

"I am satisfied that a satisfactory rate could be agreed upon by the people and the gas company if the court fight is settled."

Mr. Carl explained that not a consumer in the city had entered any protest at the windows where the monthly bills are paid since the 25 cent rate became effective two or three years ago. He declared that the large majority of consumers was satisfied with the 25 cent rate, that gas was cheaper than coal even at 30 and 35 cents. Mr. Carl declared that he was not speaking for the company but that with his knowledge of the situation, he believed in the facts set forth in his statement.

The pressure Monday morning, while much lower than that of Sunday, was still much stronger than during the last cold snap. Mr. Carl explained that the company's prompt action in shutting off the supply to factories and other large consumers last Friday night, was no doubt, responsible for the improved condition.

He said, that while the pressure was light, that the fact that complaints were less frequent, indicated that consumers were not suffering for want of fuel.

These were the conditions which prevailed on the coldest day of the winter. The temperature dropped below zero in many parts of the city Sunday night.

Monday morning the minimum temperature reported was 2 below at West Main and Pine streets. Temperatures of 4 and 5 degrees above were reported in various parts of the city.

The high wind Sunday made it difficult to heat many houses though the pressure of gas was fairly strong. Most Newark people remained pretty closely indoors though the attendance at most of the churches particularly at the morning service, was normal.

Sunday evening the wind died out but the drop in temperature continued until it hovered around the zero mark.

Little suffering was reported in the (Continued on page 8, col. 3.)

WITNESSES ARE SUMMONED FOR DAVIS MURDER

NEWPORT, Ky., Feb. 9.—Witnesses from towns and cities along the Ohio River were summoned today to give testimony before the grand jury of Campbell county which is investigating the death of Allan Davis, whose body was found in a box floating down the Ohio river several months ago. It is believed Davis was murdered and George Rice is in the Newport jail charged with being implicated in the killing of the man. The witnesses summoned were acquainted with Rice and Davis.

Following the finding of the box containing the body of Davis, Coroner Dosby traced Rice down the Ohio river until he was finally arrested in a houseboat at North Bend, Ohio.

EVERY WOMAN SHOULD READ THIS

Just as Thousands of Other Women Have Been Helped to Better Health

by Dr. Pierce's Favorite Prescription so can you be! If life seems a burden to you because you are nervous, excitable or irritable, if you have backache, headaches, unnatural pains at times, it is because the functions of the feminine organs are not being performed as nature intended. Present discomfort may be followed by a break-down of the constitution; but

DR. PIERCE'S Favorite Prescription

(In Tablet or Liquid Form)

can be confidently recommended as a powerful, invigorating tonic. It gives strength to the whole system and especially to the organs distinctly feminine. Those whose work compels them to be too much on their feet—those overactive in enjoying themselves—all kinds of women—have found the Favorite Prescription a real blessing because of its power to bring restful sleep and to banish mental worry and low spirits.

A Nervous Wreck Saved

Miss Elizabeth Lendahl, Berkeley, Cal., says: "Thousands of dollars would not repay me for what Dr. Pierce's medicine has done for me. I was a nervous wreck when I began my use, and they cured me in a short time, at little cost. Now I can invest my money in real estate instead of doctor bills, and I enjoy excellent health. Am never without your medicine. One thing I appreciate about them is that they do not contain any alcohol."

"Several years ago I was completely broken down in health from over-work and being on my feet constantly. I spent several hundred dollars on doctors and medicine but with little result. The doctor told me it was womanly trouble caused from being on my feet too much. I was so weak and had pains all over my body and was so nervous that I could not sleep. I talked to me or even looked at me, but I had the good fortune to meet a nurse who had been cured by using Dr. Pierce's medicine. She had precisely the same ailment that I was suffering from and she advised me to get the Favorite Prescription and Golden Medical Discovery, and I took for six months. I have never had an occasion to consult a physician since—am in excellent health but always keep some of your medicine on hand."

Dr. Pierce's Favorite Prescription was introduced over forty years ago after careful study of the human system. It has given entire satisfaction. It can be obtained now in liquid form (in bottles) or in tablet form (in boxes) in medicine—or send \$2 one-cent stamps to Dr. Pierce, Invalids' Hotel, Buffalo, New York.

Every mother—every woman—should avail herself of the opportunity to secure a copy of Dr. Pierce's great book, "The People's Common Sense Medical Adviser." This will give you information and advice of vital importance to you—certain to save you suffering and pain. Send one-cent stamps to pay just the cost of mailing and wrapping the 1008 page, cloth bound book to Dr. Pierce, Invalids' Hotel, Buffalo, N. Y.

NEIGHBORS FIND O. J. BUCHECKER DEAD IN CHAIR

Thomas Buchecker, aged 75 years, spent ten hours in his home in Madison township Sunday with the dead body of his brother, Oliver J. Buchecker, aged 82, occupying a chair. Neighbors who stopped in the home during the afternoon discovered the strange state of affairs and notified undertakers Bazer & Bradley, who cared for the body.

The dead man's body in the chair was absolutely rigid. His head was twisted to one side, his legs drawn up and his arms were hanging down over the arms of the chair.

"I have attended to everything," said Thomas, when the friends asked if he had summoned an undertaker, but it was apparent that he was still suffering from the shock of his brother's death and did not realize what he was saying. The neighbors walked half a mile to the nearest telephone and called Undertaker L. N. Bradley, who notified Coroner Wiyiarich of the man's death. While no verdict has been returned by the coroner, it is believed that the man's death followed a stroke of paralysis.

The brother told the neighbors that the dead man had gotten up about 6 o'clock and made the fire. He occupied a room on the first floor while Thomas slept in another room upstairs. Thomas stated that he heard his brother fall and when he came down stairs Oliver was seated in the chair. A few minutes later he died.

"I prepared and ate breakfast," said Thomas, "and cleared away the dishes and did the usual work about the place. Then I got dinner and ate it."

Neighbors thought this a strange proceeding and came to the conclusion that the shock of the brother's death had made him irresponsible for his actions.

The dead man was a native of Pennsylvania, being a son of Edward and Rebecca Buchecker. He came to this county many years ago and resided with his brother on the place in Madison township. He was never married.

Besides the brother with whom he lived he is survived by one sister, Mrs. Emma Montgomery of Harrisburg, Pa., who was notified of her brother's death. She will reach Newark some time Monday.

No funeral arrangements have been made but services will probably be held Wednesday.

SHORTEST STREET RAILWAY SYSTEM IN ENTIRE WORLD

(Associated Press Telegram) Oakland, Cal., Feb. 9.—What is said to be the shortest municipal street railway system in the world—measuring 391 feet, the length of a city clock — was put into operation here yesterday. The line was built by the city to connect the two ends of a street railway system and give cross-town service. It is leased to the local street car company, at the rate of one dollar a foot a year.

The car company had refused to construct the line for the city because its officials were unable to figure approximately what the revenue would amount to.

The city is to receive five per cent. of the earnings of the line.

Mayor Webster of Zanesville, plans more changes in the municipal family this week.

John S. Reese, 59, a prominent citizen of Coshocton, fell on the Pennsylvania track near the passenger station Saturday morning, his overcoat was caught by the truck of a passing train and his body was jerked beneath the wheels. He died in five minutes from injuries received.

District Assessor D. M. Thompson, of Coshocton, Saturday appointed the 26 county assessors.

The city board of health of Mansfield has placed the ban on the roller towel. A resolution forbids its use.

The Farmer's Institute in session at Delaware Saturday adopted a resolution endorsing the project for a county experimental farm.

L. K. Newman of Lewis Center fell from a load of hay and fractured his left arm.

Juvenile Judge Harry Smith, of Zanesville will experiment with nitrate of silver to cure the cigarette habit. The treatment is used extensively in the east.

A meeting of Cambridge citizens to discuss the pure water supply problem has been arranged for Feb. 20.

John E. Angle, Mansfield grocer, slipped from a shelf while invoicing at his store, one foot landed in a case of honey and the other in a bushel basket of eggs. An avalanche of canned goods from the shelf almost buried him. "Piping" the crushed eggs Angle exclaimed, "I'm ruined."

White Star Loses Its Case Regarding Titanic Disaster

(Associated Press Telegram) London, Feb. 9.—The court of appeal today dismissed the appeal of the White Star Steamship company and declared illegal the condition printed on the steamship tickets exempting the company from liability for loss by a passenger even through negligence of the company's servants.

The question of the legality of this exempting clause was raised in a test case brought by an Irish farmer claiming damages for the loss of his son in the Titanic disaster.

Lord Justice, Sir Roland Vaughan Williams, in delivering judgment said he thought the danger to the Titanic was neither unforeseen nor unforeseeable, that the practice did not justify a vessel in maintaining her course and speed when the warnings of dangers ahead, such as the Titanic received. The clause on the back of the ticket exempting the company from liability for negligence was, he declared, invalid.

BURGLAR LEAVES AS KUSTER GOES IN FRONT DOOR

When J. S. Kuster, proprietor of the Kuster Hotel, entered the front door of his Clinton street home Monday morning, a burglar who had forced an entrance to the house, left hurriedly by the back door. He made a hasty trip through adjacent yards and ran through the trestle where the B. & O. railroad crosses over the old canal feeder just east of Clinton street.

Mr. Kuster called police headquarters and the patrol wagon with Headquarters Officer McClure and patrolman Abbott made a hurried trip to the scene. The territory in the vicinity of "Fog Hollow" was thoroughly searched for a tall man wearing a black overcoat and a brown hat.

Mr. Kuster told the police officers that the man had forced an entrance through the rear window. It was evident that he was surprised before he had an opportunity to gather any plunder as nothing was missing from the house.

It is probable the man may have been spending several nights in the Kuster home. The family has been sleeping at the Kuster Hotel but the Clinton street home is completely furnished. Neighbors phoned Mr. Kuster this morning saying the back door was open. He went up to investigate and found that one of the beds had been slept in and that the stoves were lighted and had evidently been burning all night.

It is probable he fellow had a cheap lodging for several nights. As Mr. Kuster ascended the front stairs the man went down a back stairs and succeeded in getting away.

ABOLISH LABORATORY FEES.

Abolishing all laboratory fees in the various courses in the University catalogue, the Ohio State University has placed a general fee of \$15 for registration, for both men and women, beginning with the second semester. This general fee thus equalizes all the colleges, with the exception of the College of Law where the \$30 fee still continues. It has long been felt by professors and university officials that the fee list entails a vast lot of checking up at registration. As very few students do not take laboratory work, it was felt that a striking of an average would be fairer to all than the old practice of separate fees for individual courses. The \$1 fee for Ohio Union, the men's building, remains in force.

The Advocate's Position In Support of Congressman Ashbrook's Re-nomination

In the coming congressional primary for the new 17th district, the Advocate wishes its position favoring the re-nomination of Congressman William A. Ashbrook shall be well known and thoroughly understood in every county in the district.

This paper will take an active part in the discussions that will arise and the matters that will be at issue, and will present facts that will be of vital interest to Licking county and the prestige and pride of its honored Democracy.

At the same time the Advocate will treat the candidates opposing Mr. Ashbrook with courtesy and absolute fairness.

The Advocate's stand on the subject will be outspoken and the paper will insist that the conduct of the primaries shall be clean, fair and out in the open, in order that secret methods shall not succeed in misleading Democratic voters or betraying Licking county.

The Advocate has already predicted the re-nomination of Mr. Ashbrook, and the paper has evidence of the unmistakable fact in the character and extent of the support that is now lined up for the congressman in practically all parts of the district.

As this paper has previously stated, Mr. Ashbrook will not only be successfully re-nominated, but he will lead his ticket at the election, as he has always done in the past, as the official election figures so pointedly show.

On Second Thought

Buck Kilby says a careful man is one who figures that every gun is loaded.

Tank Beverly thinks the most effective punishment would be to compel a bigamist to live with his wives.

Question a man closely and you will discover that he is his own hero.

Prof. Harvey Worrall is a fine musician, but his chief distinction is that he doesn't pretend to know how the government should be run.

If a man opposes the voting of bonds to erect a new school building, those who are for the bonds will say he is opposed to education.

Men might as well be given credit for marrying for love. There are not enough opportunities to marry for money to constitute an exception.

The rule is that the first wife saves the money and the second wife spends it.

No matter how prosperous the country is, when a man's head blows off there always are idle men enough to chase it for him.

STOMACH UPSET?

Get at the Real Cause—Take Dr. Edward's Olive Tablets.

That's what thousands of stomach sufferers are doing now. Instead of taking tonics, or trying to patch up a poor digestion, they are attacking the real cause of the ailment—clogged liver and disordered bowels.

Dr. Edward's Olive Tablets arouse the liver in a soothing, healing way, when the liver and bowels are performing their natural functions, away goes indigestion and stomach troubles.

If you have a bad taste in your mouth, tongue coated, appetite poor, lazy, don't-care feeling, no ambition or energy, troubled with undigested food, you should take Olive Tablets, the substitute for calomel.

Dr. Edward's Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color. They do the work without griping, cramps or pain.

Take one or two at bedtime for quick relief, so you can eat what you like. At 10c and 25c per box. The Olive Tablet Company, Columbus, O. All druggists.

Wisdom from Washington

By ARTHUR W. DUNN.
Washington, Feb. 9.—[Special.]—State lines have been growing dim as the tendency of the times has been toward government control of commerce and big business. They grow more dim as it is found that the government is called upon to do so many things for the people.

The government is building levees, improving rivers and harbors, erecting public buildings, running rural mail routes, getting ready to build roads and, besides, is taking care of cattle with disease, running quarantine regulations and doing much which a few years ago would have been called interference with state rights.

Through the agricultural department the government is doing much that was formerly left entirely to the states. It is because the government can do these things systematically and effectively that the people come to congress and also because money from the federal treasury is always welcome.

May Grow More Dim.

Those state lines which were formerly barriers, now growing dim, will be dimmed somewhat when presidential primaries are in force. If there is no national legislation there would be state primaries in every state in 1916 to choose delegates to the national convention, but under the plan proposed by President Wilson—and it has many supporters—the candidates will be named before the conventions assemble and the delegates will simply draft a platform and provide for the campaign. Even the most pronounced state rights men acknowledge that state lines are growing dim.

T. R. Would Say Both Parties.

Congressman Ferris of Oklahoma, speaking in the house one day opposing certain radical progressive measures, said that "the bull moose party is so few in numbers and so far from power and responsibility that its members can advocate anything. It was organized to destroy the Republican party. That has been done. Its mission has been accomplished."

The leader of the bull moose party may add the Democratic party to the destruction list. He was after that party as well as the Republican party.

Old Timers Assemble.
Washington is a place of statesmen of other days. "I went in to see Eugene Hale the other day," remarked Former Senator Chandler of New Hampshire. They served long together in the senate. "I had not been there long before Robert T. Lincoln came in. Wasn't that a group of old timers for you?"

Lincoln and Chandler were fellow members of the cabinet of Chester A. Arthur at the time Hale was just beginning his career in the senate.

Chandler Warned 'Em.
"I warned 'em; I warned 'em as far back as '81," remarked Mr. Chandler. He did not tell me who "em" were, but I surmised he meant those with whom he struggled so long in politics. Chandler was a good deal of a progressive during his day in the senate. He fought the railroads and the monopolies; he asked for and advocated legislation in the interest of the people, much of which was afterward adopted. But what he really meant was that he warned such men as Hale and Frye of Maine, Platt of Connecticut, Aldrich of Rhode Island and others in power twenty years ago that there was a movement by the people for the people, which we now see in the process of consummation.

They Will Talk Tariff.
Senators will talk tariff when an opportunity offers. Republicans representing Canadian border states are still insisting that farmers in their region are suffering from Canadian competition brought about by the new tariff bill. The senate was considering the agricultural extension bill, designed to teach the farmer to get more out of his

Criticism.
We're all so quick to criticize, and show where things are wrong! If some one makes a batch of pies, or sings a soulful song, "the pies are pretty fierce," we say, "the song is on the blink," it is our cheerful little way: it's graceful—I don't think. The housewife works about a week to tidy up the flat; then hubby comes and starts to shriek: "Where have you hid my hat?" The windows have been nicely washed, the rugs are bright and clean; around the kitchen wife has sloshed with soap and gasoline. The husband doesn't notice that, but glares upon his frau; he cannot find his darned old hat, and so kicks up a row. "You ought to have some system, Jane," he says, "you should, by jings; it always gives my leg a pain to hunt for missing things. When mother lived—" so he declares, and talks for forty miles, and Jane sits on the cellar stairs and weeps in thirteen styles. Why not improve our carping ways, and cause less sighs and tears? Why not look round for things to praise, say once in seven years?

A MEMBERSHIP IN "OLD HOME" ONE OF PRIZES

One of the prizes in the Advocate Booklovers' Contest is a paid-up membership in the Old Home Building Association's Christmas Money club. This means that one of the contestants will get a nice little sum of "easy" Christmas money—\$23.52 and that will help a lot just at the season of the year when money is very handy to everyone.

The "Old Home" of which Mr. E. M. Baugher is president and Mr. C. C. McGruder is secretary, is one of Newark's solid financial institutions. It is commonly called the "Old Home" because it is this institution that has helped thousands of Newark people to own their own homes. This building association, which pays 4 per cent. on deposits recently inaugurated a Christmas Money club, the plan being to accept deposits beginning at 2 cents the first week, 4 the second and so on, or beginning at 35c, 96 the second week and so on down, making the deposit either larger or smaller each week as desired. This money will be returned to the depositor just before Christmas and for that reason depositors are called members of the Christmas Money club. The proposition proved to be very popular and the "Old Home" force has been having a hard time to take care of the business.

A FALSE STANDARD OF CULTURE
has gained ground in this century, which looks upon the bearing and rearing of children as something coarse and vulgar and to be avoided, but the advent of Eugenics means much for the motherhood of the race. Happy is the wife who, though weak and ailing, depends upon Lydia E. Pinkham's Vegetable Compound to restore her to health, and when headaches are a thing of the past, brave sons and fair daughters rise up and call her blessed.

Cod Liver Oil and Iron

The Most World-Famed Tonics Combined in Vinol.

Cod liver oil and iron have proved to be the two most successful tonics the world has ever known—iron for the blood and the medicinal curative elements of cod liver oil as a strength and tissue builder for body and nerves, and for the successful treatment of throat and lung troubles.

Two eminent French chemists discovered a method of separating the curative medicinal elements of the cod's livers from the oil or grease which is thrown away, but to these medicinal elements tonic iron is now added, thus combining in Vinol the two most world-famed tonics.

As a body-builder and strength creator for weak, run-down people, for feeble old people, delicate children, to restore strength after sickness; and for chronic coughs, colds, bronchitis or pulmonary troubles we ask you to try Vinol with the understanding that your money will be returned if it does not help you. AWARD OF PRIZES.

A national competition in art has just come to a close in Battle Creek, Mich., with the awarding of \$4,000 in prizes, by C. W. Post, for three successful paintings on the subject, "Dangerous Servants."—alcohol tobacco and coffee.

Many entries were received and in the final selection the prizes were awarded as follows:

First prize, \$2,000—Miss Mary Alken, 121 Highland Street, Worcester, Mass.

Second prize, \$500—Watson Barratt, Little Neck, Long Island, New York.

Second prize, \$500—Charles F. Church, 5214 S. Winchester Ave., Chicago, Ill.

MR. VERNON INTERESTED.
Mt. Vernon, Feb. 9.—Much interest is manifested here in the Newark Advocate Booklovers' contest, which starts tomorrow. This is a part due to the prominence of Mt. Vernon in recent contests of this kind. Dr. F. L. Singery of Mt. Vernon won an automobile and Mrs. Singery won a motorcycle in a Columbus newspaper contest while the doctor drew a lot in a contest conducted by a Cleveland newspaper. The lot is located in the immediate vicinity of the Sadler Fertilizer works where a big gas well was drilled recently. A piece of land from Cleveland says that the gas well which flowed four million feet at first has now fallen to two million feet a day.

Oil and Gas News

Seven gas and oil leases of lands to L. G. Neely were filed in Zanesville Saturday. They were from Alameda Butler on land in Licking township; Enoch Fink on land in Hopewell township; Marion Leasure on land in Hopewell township; Andrew J. Drumm on land in Jackson township; Ella Saltee on land in Jackson township; John W. Siddle on land in Hopewell and Licking townships; Adolphus Chaney on land in Pike township, Coshocton county and Jackson township in Muskingum county.

The Ada Natural Gas and Fuel Co. has leased from Jennie Moore, Jackson township; John C. Lemert, Jackson township; and Elmer G. Ashcraft, Jackson township.

FUGITIVE GIRL IS FOUND.
Port Clinton, Feb. 9.—Estella Checkley, who ran away a year ago from the Girls' Industrial Home at Delaware, has been found in Pittsburgh and will be returned. She was apprenticed to a family in town while an inmate of the home, but after three weeks escaped. She is the daughter of Mrs. Edward Zoschke of La Crosse.

THRIFT

is the foundation of all financial progress.

Making money is not Thrift. Many people have fair incomes but do not get ahead.

The thrifty man does not get ahead no matter what his income, for true Thrift cuts the expenditure to save inside the income and allows for saving.

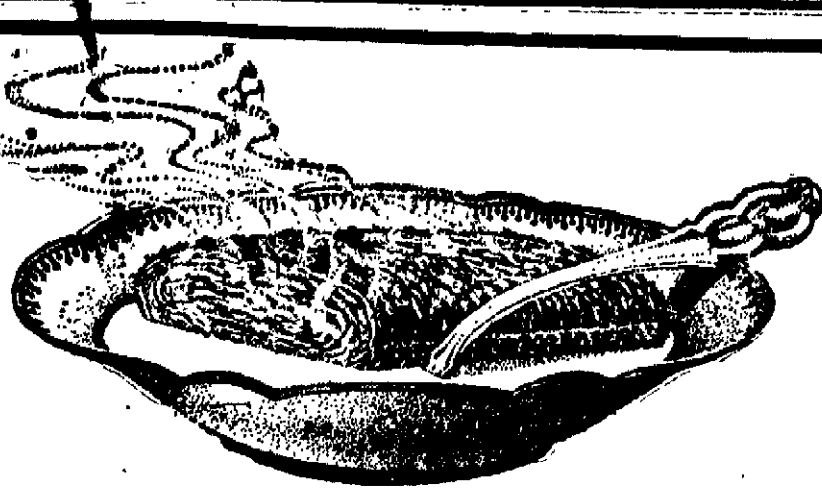

Thrift pays tremendous dividends.

The four per cent we pay on savings is only a small part of what Thrift returns to those who practice it.

Thrift brings a satisfaction in living not to be obtained in any other known way, for it banishes worry, increases confidence and makes one's future assured.

We consider that we have fulfilled the highest purpose of this Association when we get a new depositor enthusiastic in the practice of Thrift.

ARMY AVIATOR KILLED IN FALL; AFTER A RECORD

San Diego, Cal., Feb. 9.—Lieutenant H. B. Post, of the first aero corps, U. S. A., was instantly killed today by a fall of 500 feet in a hydro-aeroplane. About 150 feet from the surface of the bay, Lieutenant Post was seen to shoot clear of the machine. It was said by watchers that the engine exploded.

TRAMP STEAMER STILL ON ROCKS

New York, Feb. 9.—All efforts to pull the British tramp steamer Queen Louise from the sand bar off Seagirt, N. J., Beach failed today. Three wrecking tugs and the revenue cutter Itasca stood by the stranded steamer all night.

John Williams jumped from the Pennsylvania railroad bridge at Brink Haven, Saturday, to escape death under the wheels of a train.

LICKING COUNTY WELL REPRESENTED AT THE UNIVERSITY

Forty-four Licking county people attended Farmers' Week at Ohio State University last week. No better illustration of the desire of progressive farmers of this county for scientific knowledge of the fundamental factors of farming and farm life could be found. In all there were 770 farmers and farmers wives in attendance at this annual school which is given for their special benefit at the state university. The ages of the men ranged from 12 to 80 years. More than 50 lectures and demonstrations were given during the week by Ohio's best authorities and noted agriculturists from several other states. Farmers from Pennsylvania, West Virginia, Michigan, Kentucky, Iowa and Canada were present. The Montgomery county Y. M. C. A. sent 12 boys in a body for their good work in corn raising. Another notable feature of the week was found in the fact that those counties having the largest representation were the ones in which agricultural extension schools have been held.

Miss Alice Ashbrook entertained the members of the Review club on Saturday afternoon at her home in South Third street and a large assemblage of the members enjoyed a delightful program. Quotations were given by Miss Anne M. Wotring and were followed by a very interesting paper on "Sculptors of Indian and Frontier Life" prepared and read by Mrs. Ida M. Chase. "The Mound-builders" was the subject especially interesting to Newark people, owing to the close association of the relics of this old age people, and it was nicely handled by Mrs. Florence S. Barnes. Replacing Mrs. Symons on the program, Mrs. Ida M. Jones gave her paper on "The Modern Magazine."

Miss Ashbrook also entertained the following guests: Mrs. Chris Hermann, Mrs. Robert Kilpatrick, Mrs. Cyrus Nevins, Mrs. James Brown, Miss Maud Stadden and Mrs. Frank Withoff of Georgia and Mrs. D. E. Stephen of Lorain, O.

The rooms of the Davidson home in Hudson avenue were attractively arranged with a profusion of cut flowers on Saturday afternoon when Mrs. Robert E. Davidson entertained out of compliment to her sister, Miss Elizabeth Lattaer of Connecticut, who has been her guest for several days.

The afternoon hours were devoted to auction, and the conclusion of the game found the trophy awards being made to Mrs. E. C. Wright and Mrs. Edward King.

Mrs. Davidson's guest list included fifty.

Mrs. J. M. Farmer was hostess to the Independent Needleworkers club at her home in North Fourth street on Wednesday afternoon. Nineteen members responded to roll call, and the reading for this date was by Mrs. Henry Loughman. At the close of the afternoon elaborate refreshments were served, after which a Valentine hunt was announced by the hostess, each one present receiving a souvenir valentine. Mrs. Farmer's guests were Mrs. Oxley, Mrs. Baird, Mrs. Birchard, and Mrs. McDenna.

Summer Chautauqua Will Be Held Under Auspices Women's Federated Clubs

The Women's Federation of Clubs is getting behind a proposition which bids fair to be of great interest to the people of Newark. They are planning to bring here during the coming July what is known as a Summer Chautauqua. This is something that has been instituted in many cities in Ohio and other states, and it is an institution which is growing rapidly in favor throughout the country. It is to be a full week of the very best kind of entertainment. There will be 19 numbers in all at a cost of about ten cents for each entertainment. The Redpath company, which will bring the Chautauqua here, will bring with them all the equipment, consisting of a large tent with a seating capacity of 5,000, seats, platform, etc. During the week the city will be gaily decorated with pennants. They will have their men here to take charge of all detail work. All this is to be done at their expense, and all that the Newark people are asked to do is to procure a site for it, buy the tickets and enjoy the entertainments. The season tickets for adults will be \$2.00, and for children from 7 to 15, the tickets will be \$1.00. These tickets will be interchangeable between members of a family. The Newark people are asked to guarantee the sale of 750 season tickets.

The women of the Federation are going to make a canvass, and it is hoped that the people will rally to the support of the splendid undertaking.

The Chautauqua was held with great success last year in Portsmouth and Mt. Vernon, and for the first

The Courts

Common Pleas Court.

In common pleas court the court heard the arguments of counsel in the case of the State of Ohio vs. Fletcher S. Scott, and the case was submitted to the court, decision reserved, on a demurrer to the indictment. The defendant is charged with making a false written statement to the Franklin National bank while Scott was connected with the Howell Provision Co., for the purpose of obtaining money from the bank to the Howell company. The defendant claims that the indictment does not allege facts sufficient to constitute a crime under the laws of Ohio.

LITTLE DISCUSSIONS OF LOVE AND MARRIAGE

BY BARBARA BOYD

The Ideal Wife and the Un-Ideal Husband.

"Seems to me the ideal wife never makes the ideal husband," observed the Bachelor Girl. "Is this an epigram or a conundrum?" asked the Bachelor. "Neither. But just a bit of wisdom deduced from observing matrimony at various stages." "Perhaps your conclusions are premature. Maybe the ideal wife's ideal husband is in process of making; and if you will just be patient, he will be evolved."

"No, I think he retrogrades. He becomes less and less ideal each day. And it seems to me that this is usually the case—the more perfect the wife, the less perfect the husband."

"Why this attack of cynicism?" "Some one was telling me of a dear little woman who is an ideal wife. The two haven't an awful lot to get along on, and she contrives and manages splendidly, and cheerily, too. She does millinery in the bargain to help along. She works awfully hard, but she is always jolly and cheery. And every night when it is time for him to come home, she dresses up as pretty as can be, and watches for him at the window, and runs to the door and meets him with a kiss—oh, she's the real story-book kind of wife, the old-fashioned story-book, not the modern problem novel. And what do you think he does?"

"I know what I'd do, if such bliss awaited me at night from a certain woman."

"He just sort of grunts," hurried on the Bachelor Girl, "and says, 'Is dinner ready?' And he never notices her dress, or looks pleased at her greeting, or seems to think he has a jewel of the first water in the way of a wife. I sometimes wonder if, when she is dead, he'll appreciate then her running to meet him, and her having a delicious dinner ready, and a home that is always neat and bright and cozy."

"Is she thinking of dying?" inquired the Bachelor.

"Seems to me I should be. No, I wouldn't either," she contradicted herself with spirit. "I'd let him miss all these things before I died. I'd stop wasting my expressions of love, for it seems to me that is what she is doing now. And then maybe he'd wake up and appreciate them. The more you lavish love upon some men, the less appreciative they are. They accept it as a matter of course, and as merely their due. And they never seem to think it is up to them to contribute their share. That is the reason I say the ideal wife does not make the ideal husband, nor the ideal husband the ideal wife. When one measures up to all he should be, it seems to have the effect of making the other lax."

"You would think it would be a spur," remarked the Bachelor.

"You would think so. But it doesn't appear to work that way."

"Perhaps this adoration of her husband breeds self-conceit or self-satisfaction on his part," suggested the Bachelor.

"Perhaps," admitted the Bachelor Girl. "But it is a pity. For it makes a wife doubtful sometimes, if it is worth while to love in this whole-souled fashion."

"You needn't be afraid to try it on me. I should respond nobly to such treatment."

But the Bachelor Girl was poking the fire and paid no heed to what the Bachelor was saying.

These Are the Rules of the Advocate Booklovers' Contest

Any person may compete in this contest who lives either in Licking, Delaware, Knox, Coshocton, Muskingum, Perry, Fairfield or Franklin counties, Ohio, except employees of the Newark Advocate or members of their families.

Answers to the picture must be written upon the coupon blank which will be printed every day with each picture during the seventy publication days the contest will last. Both picture and blank must be clipped from the paper, and the blank properly filled in with the name of the book and the author's name, together with the name and address of the contestant written clearly and plainly in the space provided. Not more than one person's name may be written on any coupon.

Each picture will represent the title of only one book, but there may be some pictures that suggest the titles of several books. For the benefit of contestants, and to allow for this variety of solution, any contestant may give as many as five answers to any picture, at will; but not more than one solution may be written on any coupon. If the contestant gives two answers as likely to include the correct one, two coupons must be used; if three answers, three coupons, and so on.

In each instance, whether the contestant gives one answer or five answers to any picture, both the picture and coupon must be used for each of the answers; and not more than five answers to any picture will be permitted.

If any one of the five answers that may be given to any picture is correct, the contestant will be credited for that correct solution and will not have the incorrect ones counted against his or her chances.

Prizes will be awarded to every contestant, by the Contest Judges, who sends in the largest number of correct answers upon the smallest number of coupons. Thus, if a contestant gives the correct answers to 70 of the pictures and uses only 70 coupons, that contestant will rate higher in the prize awards than one who uses 140 coupons or any higher number up to 350 for supplying the 70 correct answers.

If two or more persons, supplying the same number of correct answers, have used the same number of coupons for their answers, the highest rating will be given to those whose answers are most neatly prepared, in the opinion of the judges.

No contestant will be allowed to submit more than one set of answers, which must include not less than 70 or more than 350 coupons, with accompanying pictures.

Positively no solution may be sent in to the Contest Editor until every one of the seventy pictures has been printed. Answers in complete sets, as just specified above, will then be received in this office, and should be addressed to "Contest Editor," Booklovers' Contest, Advocate, Newark, Ohio. The awards will be made strictly according to the correctness of each set of answers, and the correctness shall be determined by the Finding List, the catalogue issued by us as governing the Booklovers' Contest. This catalogue can be obtained from the Advocate office for 25c (27c cents if by mail), and will include in its 5000 titles every one used in the contest. Awards will be announced in this newspaper after the close of the contest.

It is not absolutely necessary to send in solutions on blanks clipped from the Advocate, as duplicate pictures may be drawn by the contestant, if he or she so desires, or duplicate blanks may be obtained at the office of the Newark (Ohio) Advocate.

PASTOR RUSSELL'S NEW PHOTO-DRAMA

Formally Opened In Boston
Theater Sunday.

SUCCESSES EVERYWHERE.

In Sermon Pastor Russell's Subject Was, "Satan's Great Lie—What Harm It Did"—The First Lie—Where It Was Told—Why It Was Told—To Whom It Was Told—Its Result—Its Repetition—The Disastrous Results to Humanity—All Manner of Crimes Are Its Fruit—age—The Only Remedy—Why? When?—How?

(PASTOR RUSSELL)

Boston, Mass., February 8th.—Pastor Russell is here, and in the Boston Theatre today conducted the opening exhibition of his Photo-Drama of Creation, which will be exhibited at this theatre every Sunday at 10 A. M. and 8 P. M.

Since the Photo-Drama of Creation was first shown to the public at The Temple in New York City on January 11, which was the beginning of a series of world-wide productions, it has been introduced in several cities to crowded houses, in all of which it continues to enjoy a wide patronage.

Profound Bible scholars say that there is nothing of the kind in the world today comparable to Pastor Russell's Photo-Drama of Creation and its ninety-six remarkable photographic plates, and that its several parts are superior to a seminary course in theological preparation.

In his sermon in the forenoon Pastor Russell discussed that feature of the Photo-Drama which relates to "Satan's Great Lie, and What Harm It Did." His text and discourse follow:

"When he speaketh a lie, he speaketh of his own; for he is a liar, and the father of it."—John 8:44.

Nonsensical traditions handed to us from the Dark Ages have greatly confused the people of God on every Bible subject; for instance, Satan has been pictured grotesquely, and described as presiding in a far-off torture chamber. He has been represented as superintending the tortures of the non-elect of humanity. The Bible account has been wholly ignored. Instead of the Bible's representing Satan as a repulsive being with hoofs, horns, and forked tail, it tells us that he was an angel of a very high order—beautiful in person and highly endowed. Instead of residing afar off, he is the "prince of the power of the air." Instead of stoking fires, he "worketh in the hearts of the children of disobedience"—seeking to blind them and to bind them with ignorance, superstition, falsehood.

Satan's First Great Lie.

According to the Bible, Satan's primary sin was an ambitious pride. He imagined he could direct the affairs of the universe, in which he might set up a separate dominion, and try out his schemes. When Divine Power created Adam and Eve, and bade them multiply and fill the earth, Satan saw his opportunity to put his ambitious schemes into operation. The holy angels would not think of rebelling against Divine authority to cooperate with him in his schemes; but here was an inexperienced man, who might be deceived into disobedience to God, and thus be won over to Satan and his schemes. Through him he saw his way to an earthly empire, in which his will would be done as Jehovah's will is done in Heaven.

Thus it came that when God instructed Adam and Eve in respect to the fruits of the Garden of Eden and forbade their eating of one certain kind of fruitage, and put a penalty upon disobedience, then Satan, through the serpent, lied to them. He told them that their Creator wished to keep them in a measure of slavery, that the fruit forbidden them was the very fruit necessary to their highest development, that so far from doing them injury it would be a boon, and make them as

wise as God Himself. Satan intimated to them that God did not wish them to be as wise as Himself, but desired to hold them in the slavery of ignorance.

The thirst for knowledge and the doubt of God's Wisdom and Love came before our first parents as a temptation; and they yielded. They disobeyed. This was sin. And it brought upon them the penalty God had foretold—"Dying, thou shalt die." The dying process began immediately, but so strong was the perfect man that even in the imperfect surroundings of the accursed earth outside of Eden he was able to prolong his dying 930 years.

Satan, obsessed, or took control of the serpent, and so guided it that it spoke the deceptions to our first parents. It is not even necessary to suppose that the serpent spoke with an audible voice. Quite likely, as our adage goes, its actions spoke louder than words. It partook especially of the fruit forbidden, to our first parents. The fruit did not kill the serpent. On the contrary, Mother Eve perceived that it was wiser than any other of the beasts of the earth. By its actions it declared to her mind that God had misstated the facts when He told them that the eating of that forbidden fruit would bring death to them.

Satan's Plot Thickens.

When Satan beheld Adam and Eve outcasts from Eden, and perceived that gradually the penalty, "Dying, thou shalt die," would come upon mankind, weakening them in mind, in body and in morals, he should have been convinced of the folly of his course. But no, an evil course of pride, once entered upon, leads further and further astray. Instead of surrendering to the God of all grace, Satan became more defiant. Instead of repenting of the lie by which he had injured a race, he added to it, still seeking to lower God in the eyes of humanity.

Apparently, Satan sought so to alienate and demonize mankind that a perpetual barrier would be raised in their hearts against the Almighty, and that thus humanity might be hindered from ever again coming into fellowship with God, no matter what provision God's mercy or grace might make for their return. For six thousand years Satan has been carrying on his wicked work of slander and misrepresentation of the Divine character and purposes.

Satan's Next Device.

According to the Scriptures, Satan was disappointed that his subjects were dying, and was resolved to remedy this matter. Hence his next step was to inoculate the race with a fresh strain of life—vitality—vigor from the angels, who had never shown any symptoms of death. These, possessed of the power to materialize—to assume human bodies—were encouraged by Satan to violate the law of their being and the law of their nature—to misuse their materializing powers. Satan's word to our first parents, "Ye shall not surely die," must be upheld. By hook or by crook he would strive to fulfill his word, and to make the Almighty the falsifier.

The allurements were successful. Many of the angels heeded God's adversary and indulged themselves in the pleasures of sin. Of this matter we read in Genesis 6:2. Those angelic sons of God, saw the daughters of men, that they were fair, beautiful, and took of them for wives such as they chose, and started human families—all contrary to the Divine arrangement of their being, wholly misusing their power of materialization. Satan's course seemed to prosper. God's time to interfere had not yet come. He would allow disobedience and a certain amount of liberty that it might eventually illustrate to all certain great principles and lessons respecting the Divine character. Plan and arrangements, designed for the good of all God's creatures.

The children of this combination of angelic vitality grafted upon the human stock was a race of giants—physically and intellectually superior to the condemned and dying race of Adam. Being begotten and born under purely lustful conditions, and in violent opposition to the Divine will, this new race of giants retained nothing of the image or likeness of God. They were brutish, sensual tyrants. Under them the human family would soon have been exterminated, for we read respecting conditions that God perceived that the earth was full of violence and that the thoughts of men's minds were

only evil continually. God's Wisdom saw that it would be best to blot out entirely that order of things, and to start a new arrangement. The Deluge accomplished this.

Therefore those angels who for centuries had lived in sin were restrained from materialization and separated from the holy angels, being confined to Tartarus—or earth's atmosphere. Meantime, instead of starting a new race of men, God carried over Noah and his family of seven. These constituted a new start for the Adamic family. And the statement that they were perfectly generated and that they had no angelic adulteration, assures us of the solidarity of our race, and that the Redemption-price paid for Adam includes every one of us; under the Lord's arrangement that "As all in Adam die, even so all in Christ shall be made alive."

Satan's Great Defeat.

This was the first defeat that Satan had met with—the first great manifestation of Divine Power in opposition to him. But still it only partially stopped his program. The liberties of himself and his associate fallen angels were therefore restricted, limited, to earth. No longer had they privilege to roam the universe. Furthermore no longer were they permitted to assume a human form by materialization. They still, however, had their original perfection of organism and their general liberty. Satan thus had opportunity for assuming that God had done all that He was able to do in the way of restraining and opposing him.

Adapting himself to the new conditions, Satan and his fallen host attacked mankind in a new way after the Deluge. They would poison the minds of humanity against God. They would declare that Satan's original lie was the truth, and that God's statement was the lie. They would seek to prove to mankind that the dead are not dead—that they have merely changed their condition from a lower to a higher one and that they are more alive than ever. Whoever would come under the influence of this teaching would discredit God's statement—would "believe the lie," would think of a dead man as really advanced to a higher station, instead of having fallen into death.

Men, persuaded that the dead are alive, could easily, on the basis of that error, be led to believe that the dead were suffering torments, and the thought that God would authorize and permit such torments would tend to brutalize mankind, and tend also to estop them from thinking of God as gracious, merciful and sympathetic. Thus, alienated from God in their minds, they would be more amenable than ever to Satan and his associates in evil. Then, too, upon the basis of this falsehood, this deception, other errors could be introduced. Some could be taught respecting a purgatory and respecting the possibility of escape from purgatory under certain terms and conditions. All this would tend to bring about the slavery of the human mind, and make possible further inroads by the evil spirits.

St. Paul refers to these doctrines of demons, and styles them also "strong delusions, that they should believe a lie," because they had less pleasure in the truth. These strong delusions have been operating in the world for now more than four thousand years. Can we wonder that they have gained a strong hold upon humanity? Can we wonder that they are to be found in every corner of the earth—among the savage Indians of America, among the blacks of Africa, among the millions of India, China, Japan? We cannot wonder at this, especially when we remember the Apostle's statement, "We wrestle not with flesh and blood, but with wicked spirits in high [influential] places."

Witches, Necromancers.

Of course, there must be some channel, some theory, some attempted proof given in support of Satan's lie. Of old it was accomplished by witches, and necromancers. These pretended to communicate with the dead and to get from them answers to the questions from the living. Thus by continued deceptions in accordance with Satan's original lie, mankind was kept from knowing the source of these instructions and the demons, the fallen angels, thus binding them more closely than ever with fetters of ignorance and superstition.

So far, as the world in general was concerned, God permitted this, intending eventually to deliver mankind; but in the case of Israel, God's favored nation. He especially intervened to shelter them from the attacks of the Adversary, by special laws and regulations prohibiting mediumistic operations of the evil spirits. He did this by warning Israel against having anything whatever to do with those who had familiar spirits—witches, necromancers, wizards, etc. Under penalty of death none of these were to reside in Palestine.

Some of them, however, risked the penalty and did reside there, as evidenced by King Saul's visit to the Witch of Endor, when he desired to communicate with Samuel, the prophet, who was dead. Of course, Samuel was dead, and neither Saul nor the witch could revive him. But the evil spirits could impersonate Samuel; and that they did so, is the record. They caused the witch to see certain things, which she described to the king and which he interpreted to himself. This was the error propagated even in God's special nation—separated from all the others of the world to be His people.

Jesus Cast Out Demons.

In the days of our Lord we find that many of the people had been dabbling in Spiritism, and had come under the influence of the fallen angels to the extent of obsession, and some of them to the extent of being possessed by evil spirits, which did their thinking and talking for them, merely using their

human organs as their servants. This would seem to have been the alternative to materialization. If the fallen angels could no longer materialize, they would do the thing next to their preference—they would get control of the mind of some individual and thus have control of his body.

In all such cases, it would appear that the victim, becoming a tool of the evil spirits, is frequently caused by them to say and to do things indicating depravity greater than he or she had before the obsession began. The tendency of all such things seems to be toward licentiousness. In the days of Jesus and His Apostles, according to the Scriptural accounts, they cast out demons from many people, some of whom had more than one. One man had a Legion. Many physicians know well that some who are apparently insane are not really so as respects any brain disease. They merely are obsessed, possessed of evil spirits. When several of these gain control of one man, they make his life unbearable by the conflicts which they establish, especially operating along the auditory nerves.

Throughout this Gospel Age Satan and his demon legions, operating through dreams, mental impressions, etc., have so thoroughly deluded the masses of mankind, that nearly all believe Satan's lie, and only an extremely small minority believe the Word of the Lord. The process of supporting the lie continues. Writing mediums, trance mediums, tipping mediums, black art, theosophy and occultism in general—all support the theory that a dead man is more alive than a living one. In the symbolical language of the Book of Revelation, all nations have been made drunk with the wine of false doctrine.

Those who discern the falsehood have learned a great lesson—to put confidence in the Word of the Lord and not in human imaginations. This great lesson, ere long, will be taught to all, and we may assume will surely justify the Lord's course in permitting Satan's lie to flourish so thoroughly and for so long. We know not certainly what further terrible experiences may come to man as a result of believing the lie of Satan instead of the Word of God, but certain Scriptures seem clearly to imply that this Age is to end with some great catastrophe which will demonstrate the wisdom of those who hold fast the Truth and the folly of those who neglect it.

EASY TO DARKEN YOUR GRAY HAIR

Try This! Mix Sage Tea and Sulphur and Brush It Through Your Hair, Taking One Strand at a Time.

When you darken your hair with Sage Tea and Sulphur, no one can tell, because it's done so naturally, so evenly. Preparing this mixture, though, at home, is messy and troublesome. For 50 cents you can buy at any drug store the ready-to-use tonic called "Wyeth's Sage and Sulphur Hair Remedy." You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning, all gray hair disappears and, after another application or two, your hair becomes beautifully darkened, glossy and luxuriant. You will also discover dandruff is gone and hair has stopped falling.

Gray, faded hair, though no disgrace, is a sign of old age, and as we all desire a youthful and attractive appearance, get busy at once with Wyeth's Sage and Sulphur and look years younger. Agents, Hall's Drug Store.

Disillusion.

The unmarried woman who shall be the subject of this anecdote was fixing herself up to go out in the evening. A certain man was going to call for her, and though the occasion was somewhat spoiled by the fact that they would have to take her little niece along she nevertheless took the usual care of her complexion, hair and eyes, for the man was trembling on the verge of a proposal. The trio—niece, auntie's beau and auntie's niece—walked along the street until they came to one of those all night photograph galleries. You know how awful a person looks standing in the ghastly glare of the mercury tube lights that they put in the windows of such places? Well, they paused in that awful green-yellow light. And the little niece said to auntie's beau:

"Ooo-oh, look! Auntie looks just like she does when she first gets up in the morning!"—Cleveland Plain Dealer.

DO NOT SCOLD THE CHILDREN

Nervous mothers, worried from morning till night by the care of children and the duties of the household; nervous children worried by overstudy, unable to sit still or stand still or to keep their minds concentrated on anything very long, both need Dr. Williams' Pink Pills to build up the blood and strengthen the nerves.

Try a short treatment with these strengthening pills, and watch the color return to pale cheeks and lips, see how the worn nerves recover their power, and how much less irritating the children become and how much less scolding they need. Dr. Williams' Pink Pills are a blessing to nervous people everywhere, men as well as women, because they build up the blood and strengthen the nerves. They lighten the cares of the housewife, they give you new strength to endure. Nervousness in children should be corrected at once and is but a short step to St. Vitus' dance. Give them Dr. Williams' Pink Pills to build up their blood and they will become sturdy, pink-cheeked and peaceful.

Income Tax Law Crude and Obscure

By STUART H. PATTERSON, Income Tax Expert

THE income tax law has arrived, and I think it has come to stay in one form or another. BUT THE PRESENT LAW WILL HAVE TO BE CHANGED. I criticize the law, but in a general way defend the treasury department for the efforts it has made to make the law workable.

IN OLDEN TIMES THE GREAT INJUSTICE WAS THAT THE FEW POWERFUL RICH UNJUSTLY TAXED THE MANY POOR. UNDER OUR MODERN AND ENLIGHTENED CIVILIZATION THE MANY IN POWER ARE ATTEMPTING UNJUSTLY TO TAX THE FEW RICH, AND ONE CONDITION IS AS UNJUST AS THE OTHER.

A Human Wall.

An ingenious method of preventing the escape of convict prisoners without resort to bolts and bars is used by the Dutch authorities in New Guinea. Here some of the most dangerous criminals are confined, but they make no attempt to escape, although there is no wall around the prison. The explanation is simple—the penal settlement is surrounded on every side by cannibal settlements.

Have You Seen The New Suits For Spring

You will be interested in looking at them. The styles and materials are all so pretty. The jackets are so different, many of them short and trimmed with large fancy buttons and embroidered collars. The skirts are many of them made in the new peg-top style. All the bright new shades for spring are being shown and we will be pleased to have you come in and look at them.

In The Wash Goods Department

Our foreign lines that have been imported are all on display, and these cannot be duplicated later in the season. Indications are that there will be a big demand for ratines, crepes and voiles for the coming spring. The colors and textures are beautiful. We are featuring this week—

RATINES—In plain, two-tone effects, brocades, stripes and plaids.
FINE CREPES—White and colors.
EMBROIDERED VOILES.
EMBROIDERED BATISTES.
RAMIE AND RATINE LINENS.

The New Embroideries Are all Here.

We have found in past years that many of our customers do their spring sewing during the month of February. We wish to announce that our embroidery stock is complete. All our foreign lines are here, and we are showing beautiful embroideries in swisses, voiles, embroidered rice cloth, embroidered linens. Match sets of wide flouncing with bands to match. Insertions and edges in all widths, and a beautiful line of baby flouncings from 50c a yard up.

DIVORCE COURT DRAWS A CROWD OF SPECTATORS

A crowd of spectators and witnesses filled the Probate court room Monday morning, where Judge Robbins Hunter was engaged in hearing the somewhat sensational testimony in the Moore divorce matter. The suit is instituted by William M. Moore, a former B. & O. railroad man, against his wife Maud Moore. A Newark barber named as correspondent was present during the hearing. Moore also charged his wife with three years wilful absence and neglect of duty.

In her answer to the petition, Mrs. Moore charged her husband with infidelity, naming a Granville woman, who also was in court during the hearing.

The Moores were married in 1894 and have two daughters. They formerly lived together in South Fourth street, but a separation occurred in 1909 following an altercation between Moore and the other man mentioned in the case, which created considerable excitement in the neighborhood at the time.

J. W. Horner is attorney for Moore, and B. G. Smythe represents Mrs. Moore.

RATE FIGHT

(Continued from Page One.)

city. Residents in the Avalon building Monday shivered in the cold when they found no heat in the radiators. Water which backed up in the basement extinguished the fires under the boilers and the only heat obtainable was from stoves which some of the tenants were fortunate enough to possess. Plumbers repaired the damage and restored the fires.

Twenty rooms in the various school buildings were dismissed Monday morning because the janitors found it impossible to make the rooms comfortable for the pupils. At the high school, the janitor remained on duty all night and kept the fires going in the big furnaces so that when teachers and pupils arrived Monday morning the rooms were perfectly comfortable.

There is a growing sentiment among business men that the matter should be settled immediately. "Newark can't expect to get gas at 18 or 20 cents when other towns are paying as high as 25 or 30 cents," said a well-known business man to the Advocate Monday morning. "The sooner the gas fight is settled the sooner we will be free from these periodic gas failures."

Associated Press dispatches from Columbus, Zanesville, Delaware, Upper Sandusky and other towns in Central Ohio report that there is no shortage of gas. The pressure in these towns is reported strong and no complaints are heard from the consumers. In these towns the rate charged is from 30 to 35 cents.

Manager Carl exhibited a list of Ohio towns with the gas rates charged. In a few cases the rate was less than 25 cents but the low rates exist only in towns in close proximity to the gas fields. The rates in most cities range from 25 to 35 cents.

Ample Supply at Marion.
(Special to the Advocate.)
Marion, O., Feb. 9.—This city has an ample supply of gas although industrial consumers may be cut off when exceedingly cold weather demands such action as is the case today. Individual consumers pay 30 cents net. A sliding scale is provided for industrial consumption and in buildings where large heating plants use gas as fuel. In these cases the rate is as low as 22 cents in winter and 13 cents in summer. The Logan Gas and Fuel company furnishes the gas supply to the Marion Gas company, the distributors.

Exceptionally Low at Fostoria.
(Special to the Advocate.)
Fostoria, O., Feb. 9.—The gas pressure was exceptionally low here today and is out entirely in many homes. The supply is furnished by the Logan Gas and Fuel company at 33 cents per thousand.

Below Normal at Fremont.
(Special to the Advocate.)
Fremont, O., Feb. 9.—The gas supply here today is rather short of normal. A rate of 30 cents net is charged by the Logan Gas and Fuel company which furnishes the local supply.

Pressure Normal.
(Special to the Advocate.)
Zanesville, O., Feb. 9.—Ten degrees above zero, the coldest of the winter was registered here this morning. There is no distress and the gas pressure is normal.

Suffering at Findlay.
(Special to the Advocate.)
Findlay, O., Feb. 9.—Findlay had just enough gas last night to know that the city is still connected with the gas mains. There is consequently much suffering on the part of consumers. A rate of 30 cents per thousand net is paid to the Logan Natural Gas company.

Plenty at Upper Sandusky.
(Special to the Advocate.)
Upper Sandusky, Feb. 9.—With a rate of 33 1-2 cents per thousand, Upper Sandusky has a sufficient supply of gas, furnished by the Logan Natural Gas company.

Boosted Three Cents.
(Special to the Advocate.)
Delaware, O., Feb. 9.—Delaware is paying 30 cents net for gas and the supply is ample. The price was boosted up three cents about two years ago. The Delaware Gas company, local distributors, gets its supply from the Logan company.

GEORGE WARNER HOTEL MAN DIES AT CHILLICOTHE

(ASSOCIATED PRESS TELEGRAM)
Columbus, Feb. 9.—Stomach trouble caused the death here today of George Warner of Chillicothe, a well known hotel man. He had entered a hospital in this city several days ago to undergo treatment.

Mr. Warner was a son of "All Right Jack" Warner who in his day was known to hotel and traveling men throughout the country.

CONSTRUCTION KEITH THEATRE TO START SOON

Construction of the new Keith theater building in East Main street is scheduled to start in the very early spring, according to information obtained Monday. Work of razing the W. L. Prout residence, situated on the property recently acquired by the promoters of the new theater will start about the first of next month, it is said.

It has been definitely learned that Lafayette, Ind., capital is back of the project, while the Keith franchise for Newark rights, signed just before the holidays, is said to be held by a prominent theatrical promoter and booking house having extensive interests in Michigan, Indiana, Illinois and Ohio, on a circuit over which there are heavy Keith bookings every season.

Definite plans regarding the immediate steps to be taken by the promoters are expected to be announced in the next few days, or as soon as everything is finally perfected.

Binns has quit following the sea and is now a ship news reporter here.

CHURCH BURNS DOWN.
Youngstown, Feb. 9.—The Him-road avenue Baptist church was destroyed by fire Sunday.

LAUNDRESS DIES SHORTLY AFTER TAKING POISON

(ASSOCIATED PRESS TELEGRAM)
Cincinnati, Feb. 9.—Police and Coroner Foertmeyer today were investigating the death of a woman, giving her name as Mrs. Margaret Wagner, 21, laundress, who drank poison in a flat on Mound street last night and died several hours later. Two men, one of whom gave the name of John Krisher and the other Cleveland Turney accompanied the woman to the hospital in a patrol wagon, but left the hospital without giving the attendants any information about the case. The woman in charge of the flat building on Mound street said Mrs. Wagner rented the flat three weeks ago, saying she and her husband had just come from Chillicothe, Ohio.

The mystery surrounding the identity of the woman was dispelled later in the day when the body was identified by Mrs. Hannah Jackson of Charleston, W. Va., as that of her daughter, Mrs. Margaret Wagner. Mrs. Jackson said her daughter lived with her husband, Herbert L. Wagner, up until five weeks ago, at Charleston. She came to Cincinnati five weeks ago and obtained employment in a laundry.

Mrs. Wagner jointly occupied the flat on Mound street, with Tresler, her cousin, and his wife.

Newark Couple is Married Wednesday in West Virginia

Announcement is made of the marriage of Miss Stacie E. Stafford of Lawrence street and Mr. Walter Herschlin, which occurred last Wednesday at Terre Alta, W. Va., Miss Stafford's former home. The young couple arrived in Newark last Saturday and will make their home 123 South Williams street.

Mrs. Stafford has been making her home with her sister, Mrs. Ada Sidwell, 270 Lawrence street and is well known among East Newark people.

SUGGESTIONS WILL BE FILED WITH THE BOARD

Announcement of results, Saturday, in The Advocate's Better-Health contest brought satisfaction to scores of anxious inquirers who eagerly awaited the decision of the judges.

The three contestants whose lists of ten suggestions for improving sanitary conditions in Newark won them first, second and third prizes, respectively, claimed the accounts due them at The Advocate office Monday.

It was a pleasant surprise for all three prize winners, and in each instance gratitude was expressed to The Advocate and the Ohio Society for the Prevention of Tuberculosis for the prizes awarded, and to the committee of judges, for the fairness with which the grading was done.

It has been suggested that it now remains to obtain means of enforcing and putting into effect the best of these suggestions, as well as some of those propositions included in lists which on the whole did not prove prize winners.

Dr. Knauss, head of the city health department, has requested permission to file the original manuscripts in the health office for reference and consideration. The request has been granted, and in this manner all suggestions advanced by the contestants with the better interests of Newark and Licking county at heart, will have weight in determining some of those things which will be adopted for improving conditions.

Quantity doesn't always count. A little charity to the living is worth a wagonload of flowers to the dead.

STOCK MARKET IS UNSETTLED TODAY

(ASSOCIATED PRESS TELEGRAM)
New York, Feb. 9.—The stock market was unsettled soon after the strong opening this morning by reason of further weakness in the Rock Island securities, all of which fell to low records. Realizing in Rock Island and common stock preferred as well as in Chicago, the Island and Pacific collateral trust loan per cent bonds were fairly passive, and suggested liquidation on the part of holders.

There was current weakness in New Haven, New York Central as a result of second developments which indicate further federal inquiry into the properties.

On the other hand oil shares were also very weak. Atlantic refining, a Standard Oil subsidiary, fell from \$20 last Saturday's closing price to 74 1/2 in the first hour's trading.
